Vincent Kwok

Electrical Engineering Student

 Seattle, WA, USA

Work Experience

Lifeguard/Swim instructor • YMCA

June 2019 - August 2021

Lifeguards and teach people of all ages how to swim. Responsibilities include maintaining a safe environment for patrons and swimmers as well as keeping up to date on safety and emergency protocol such as CPR and water safety training.

Purrfect Pals Volunteer • Petco

September 2019 - November 2020

Volunteered for a cat adoption program during weekends at Petco, over 150 hours of volunteer time accumulated. Responsibilities of the job included taking care of the cats and informing potential adopters. During my time of volunteering, over 100 cats were adopted to the community.

Education

2020 - 2024

University of Washington

Electrical Engineering-Embedded Systems Focus

Skills

Coursework

- Circuit Theory
- Signal Processing
- Computer programming I and II
- Fundamentals of electrical engineering

Code

- Java
- Verilog

Language

- Chinese (Cantonese)
- Spanish
- English
